Wall Files Suit For Writ of Mandate

NEW KILNS IS CHIEF CAUSE OF STRIKE

ENAMELERS AT THE PACIFIC SANTIARY CO. WALK OUT WHEN BETTER WORK IS REQUESTED

The mist which enveloped the walkout of the seven enamelers from the plant of the Pacific Sanitary Manufacturing plant yesterday has cleared enough to warrant that the men left their places not on account of low wages but on account of new kilns which forced them to work rapidly and turn out a better class of material.

Manager H. L. Friesleben of the Pacific Sanitary Manufacturing company, when interviewed today, stated that for the past several months most any kind of work has accepted from the enamelers as the old kilns were not in the best of condition but with the installation of the five new $1800 kilns which were recently erected by C. L. Hobaugh of Pittsburg, Pennsylvania, a better class of work had to be turned out.

With the completion of the new kilns a notice was posted in the main work room where all the enamelers might see it which required that they would have to turn out better work. "Of course I suppose," stated Friesleben, "that the men became dissatisfied, the result being that yesterday seven men and their helpers walked out of the works."

An effort is being made at the present time by Manager Friesleben to secure new men to fill the places of those who walked out.

THIEVES OVERLOOK $1000 IN ROBBERY OF LOCAL STUDIO

R. P. Dammand, Proprietor of Studio, Has Reported the Matter to the Chief of Police

The photograph studio of R. P. Dammand, located at 716 Macdonald avenue, was broken into at a late hour last evening and cards to the amount of several dollars stolen. That the thieves were evidently looking for money is due to the fact that in their hurried search of the premises they overlooked several photographic lenses valued at close to $1,000.

The robbery was reported to the police who are working on the case.

FINGERPRINTS OF STUDENTS TAKEN

In an endeavor to locate the person who on Monday evening entered the store room of the high school and made off with $30.00 worth of material, Bertillon Expert V. A. Phillips of the local police department yesterday took fingerprints of the students of the chemistry class, as they are the only ones holding keys to the room. No arrests have as yet been made.

Mayor Ludewig Refuses to Talk About Affair

ACTION BEGUN IN SUPERIOR COURT TODAY TO COMPEL MAYOR O. R. LUDEWIG TO SIGN CONTRACT WHICH WAS ADOPTED AT THE MEETING OF CITY COUNCIL ON LAST MONDAY EVENING

ATTORNEY LEE D. WINDREM AND M. R. JONES REPRESENTING THE PLAINTIFF—INTENTIONS OF THE GEORGE WALL LAND COMPANY IS TO CARRY MATTER TO COURT OF LAST RESORT

(Special to Record-Herald)

MARTINEZ, May 21.—Shortly after 3 o'clock this afternoon Attorneys Lee D. Windrem and M. R. Jones, representing the George Wall Land Company of Richmond, secured a writ of mandate from the superior court to compel Mayor O. R. Ludewig to affix his name to the city hall agreement, passed by the city council at its meeting on Monday evening.

The outcome for the securing of the writ of mandamus today by Wall's attorneys developed from the fact that Mayor Ludewig had on Monday evening emphatically stated that he would never sign this agreement whereby the city of Richmond would accept the city hall site offered by George Wall.

The incidents which led to the Mayor refusing to sign the contract are ones that will long be remembered by those who attended the stormy session of the city council held on that evening after which time Ludewig asked for more time in which to consider the matter. Immediately Attorney Windrem was on his feet and shot the following question at the board:

"Is one man to be allowed to run this board? Where did he get his power? He ought to be removed, he is trying to thwart the will of the people, I tell you to remove him. I served as city attorney for this board for some time and I tell you gentlemen, you have the power to remove him," shouted Windrem.

This was too much for the mayor who retaliated with the following remarks:

"Yes, you were city attorney at one time, but it is very fortunate for Richmond that you are not now, or the city would be a damned sight worse off than it is now."

"You're a liar and you know it," replied Windrem.

At this stage of the argument Councilman Lane jumped to his feet and ordered Windrem to cease his talk before he used force on him.

The ball was started rolling earlier in the evening when Councilman Follett introduced a resolution to accept the offer of the John H. Nicholl company to deed thirty-six lots in the Civic Center tract and erect a city hall on the property to cost $25,000 providing that the city should occupy the premises for a period of ten years.

Mayor Ludewig when interviewed in regard to the writ of mandate having been secured to make him sign the agreement stated that he had nothing whatever to give out to the newspapers.

COLE IS CHOSEN ON NOMINATING COMMITTEE

W. K. Cole, Director of the Bank of Richmond Is Now Member of Bankers' Nominating Committee

(Special to Record-Herald)

SAN FRANCISCO, May 21.—Alden Anderson is among the nominees for appointment as regional bank director. He was former state bank superintendent and candidate for the Republican nomination for governor. The nominating committee met here yesterday and among its members was W. K. Cole the well known Richmond, Vallejo and Berkeley banker.

LOSES $3000 WHEN COMPANY GOES UNDER

More than three thousand dollars were wrifed out of the pockets of J. F. Tinstrom, dancing instructor of the Richmond Tango and Social club the early part of this week when the Union Art Tile company of Los Angeles went defunct.

"It's a hard jolt," said Tinstrom, "but I guess I can stand it."

When he gets back, the colonel can continue his search for rare specimens, and may find an occasional Bull Moose. There is always work for a great faunal naturalist.

COMMITTEE POSTPONES ITS TRIP

SHERIFF VEALE RECEIVES TELEGRAM FROM CONGRESSMAN CURRY IN REGARD TO VISITORS

(Special to Record-Herald)

MARTINE, May 21.—A telegram to Sheriff Veale today from Congressman Curry bore the news that the members of the Rivers and Harbors committee who were to have been the guests of this city during the early part of the coming month have postponed their visit until the latter part of August.

At a meeting of the Congressional committee held in Washington yesterday the postponement in the date of their arrival in this city was decided upon on account of several new matters having come up recently.

Now that more time is to elapse before the visit of that official body to this city Commissioner John Birmingham of Martinez is urging the towns of Antioch, Walnut Creek, Concord, Martinez, Bay Point and Crockett to join hands in an effort to have the twenty mile channel that extends from Bulls Head Point to New York Landing deepened so that ocean-going boats may make their way up as far as Antioch. An effort will be made to have the Rivers and Harbors committee go over this route so that they may see the need of a deeper channel.

BONDING COMPANY CALLS A HALT TO BOND BUYING

Is Allowed Time in Which to Investigate Various Civic Matters Prior to Purchasing $75,000 Bonds

Considerable comment has arisen over the fact that the H. F. Farson & Son bonding company of Chicago has asked the school board of this city for several weeks time in which to investigate the city charter and also the school district prior to purchasing the $75,000 worth of school bonds.

Superintendent of Schools W. T. Helms when interviewed in regard to the matter stated that a bonding company was allowed a certain time in which to conduct an investigation prior to purchasing bonds following which they could be disposed of to other companies if the school directors and supervisors decide for any reason to do so.

ESCAPED MANIAC CAUGHT

"I would rather be sent to Folsom penitentiary than to Agnews Asylum," stated Sam O'Rourke, a maniac arrested on Macdonald avenue by Officer Jennings today. O'Rourke, when questioned at police headquarters, broke down after stoutly denying his past and told of the dramatic manner in which he escaped from Agnews Asylum on Monday afternoon to which place he had been sent from Folsom penitentiary on January 24, 1912 for being crazy.

O'Rourke was arrested in this city two years ago following which he was released only to be arrested a few days later in San Jose on a charge of having raped a young girl for which offense he was sentenced to four years in Folsom prison.

During the time that he was in Folsom his insanity developed to such an extent that he had to be committed to Agnews Asylum where he languished until Monday afternoon at which time he affected a daring escape coming direct to this city.

Although he does not want to be sent back to Agnews, stated Chief of Police Arnold today, it is probably that the asylum is our only recourse as he is far too violent to be placed in a state prison.

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

COLD-BLOODED EAST CAN'T UNDERSTAND EXUBERANT WEST

Life, a New York publication of a pictorial and satirical nature, devotes two pages of a recent issue to the peculiarities of the Pacific coast people, of which the following is a sample:

"There is no doubt that the Coast does something to the people who go there. They are nearly all, practically, eastern people. But they are different. Eastern visitors who go to see them notice the difference at once, and bear testimony about it. The Coast people strike the mas being "curious." They find themselves interesting, liable, very hospitable and kind, but, apparently, more or less intoxicated. The details of the intoxication very according to localities. The mental deviations of Seattle are not the same as those of San Francisco, nor those of San Francisco identical with those of Los Angeles; but the fact of the intoxication is observed all the way down."

For a cold-blooded lot of fish, commend us to the eastern people. We have traveled among them extensively, did much business with them, and lived among them semi-occosionally, from necessity rather than choice, and have always found them to be, as a general rule, selfish, grasping and as cold as clams. They cannot understand western open-handedness or enthusiasm, as evidenced by the above screed, of which these were two pages. Commenting on it, the Santa Cruz Surf voices our sentiments as follows:

"This is not the first instance in which an exalted elation has been mistaken for intoxication.

"Once upon a time it is recorded in a Book certain unlettered men astonished multitudes "at Jerusalem" by their earnestness and eloquence.

"Some were amazed, but listened; others were mockers and said, "These men are full of new wine."

"But Peter, standing up, lifted up his voice and said, "These men are not drunken—as ye suppose, seeing it is but nine o'clock in the morning."

"What was the matter? These men has discovered what was to them a new truth, and were so full of joy and hope that they were bursting to proclaim it to the world.

"The Coasters have discovered a country which is more than land, a climate which serves other purposes than alternatingly shivering and sweltering its inhabitants.

"From the advertising columns of the Surf on May day the editor of Life might learn that pasturage for stock was "belly high" and that he could buy six boxes of red ripe strawberries for 25 cents.

"These, and kindred facts are "curious" to the New England farmer, and they fill the new comer to California with an enthusiasm that might easily be mistaken for intoxication.

"But the generations born and reared in the midst of this wonderland will not be "heady."

"They will be strong and powerful, possessing the earth and the fulness thereof, and while Life in name may continue in New York, life in reality, the life that is real, the life that is earnest, will be lived in California and by the "curious" Coast people."

We do not know anything about the merits or demerits of the row between the builders and the painters over in San Francisco, but are of the opinion that if we were a painter and had a good eight-hour-a-day job at $4.50 a dey we'd stay right with it as long as times generally are the way they are.

Governor Johnson is a good talker—that's what made him governor, and nothing else. At his Richmond speech he told us of quite a few things his administration had accomplished, and, like all adroit politicians, he left unsaid a whole lot of things that might have been said. A political speech is a good deal like a telephone conversation—you only hear one side.

If we would live on cockle burs
Or pine sawdust and hay,
The price of such commodities
Would shoot up right away.

In O'Shaughnessy the O is not initial. It is an interjection.

A wise man does not spend all his spare time telling about it. That's where he is wise.

Possibly we are prejudiced, but we do not believe Mr. Johnson or Mr. Eshelman made any votes for the bull moose party in Richmond.

Genius is not a pot of gold buried beneath a friendly rainbow and possessed by whoever stumbles onto it. It is a ppainstaking observation, cleverly elaborated in the woof of hard work.

George creel of Denver says young Rockefeller, sitting smug in New York, may be fighting for a principle, but the people of Colorado are paying both principal and interest.

A single paper dollar is said to contain as high as 90,000,000 micro-organisms. My goodness, but that Rockefeller-Morgan crowd must be full of bugs.

Abe Martin notes that they have positively everything in a department store now, except a place to sleep while they are wrapping up something.

The dehorned British lords are still bellowing, their latest roar being that woman suffrage would not be equal suffrage because there are more women than men.

The cashier of the State University is said to be about $10,000 short in his accounts, by virtue of real estate speculation. It is wise to buy real estate, but not altogether with other people's money.

The recent cool spell interfered some with the various boards of strategy which meet at the street corners to develop and expound plans to run the government and for further procedure in Mexico.

Theoretically you may be a protectionist, but in reality and personally you are a free trader. You buy where you can get it the cheapest, all else being considered. Otherwise you are not only a protectionist but foolish.

California farmers are now worrying and wondering where on earth they are going to find buildings half big enough to put the crops in. Luckily the climate here does not make buildings necessary for man, beast or product more than three or four months of the year.

Every day there are fellows around explaining to us how easy it is to run in debt for clothing, rugs, jewelry, sewing machines, pianos, encyclopedias and lots of other things, but nobody comes around to explain just how to get out instead of getting in.

We met up with a lot of foreign diplomats back in Washington last summer who wore all sorts of red ribbons and gold dudads, but who did not appeal to us as having much more sense that a San Francisco sandab. Lord this and Duke that don't necessarily stand for horse sense.

In that very good editorial we reproduced from the Oakland Tribune on the greatness of California, you may have noticed that it was mentioned that as many sugar beets were being grown this year as last. How, then, about the Democratic administration killing that industry?

Get into this game of life with enthusiasm, or you will never win high stakes. Application is a necessary detail, but enthusiasm insures achievements. The heart must inspire both the mind and body if we would win. The lash of necessity or duty may drive the sluggard on his way, but never yet has he reached the summit of a glorious success.

CONTRA COSTA COUNTY NEWS

This is a great county, this county of Contra Costa—one of the biggest and best counties in the biggest and best states in the world—and we want to do all in our power during the next couple of years to help the outside world know about it and get acquainted with the wonderful possibilities. Of the twelve to fifteen millions of people who are coming to the Panama Pacific Exposition at San Francisco next year, hundreds of thousands are going to ultimately locate in California, and of these Contra Costa county should and must get her full share. They are coming to see this great world's fair, and they are coming to this state because of the opportunity that affords to take advantage of cheap railroad rates. Some want to see the exposition and some want to see the state—most of them want to see both. Many thousands of them will not want to settle in any town or city at all, but will want to buy farm lands and settle in the country districts, and raise pumpkins, prunes and all sorts of nice things; others will come to Richmond and raise town lots and factory products, and yet others will remain in San Francisco and raise hades!

And so this scribe is going to make the Richmond exhibit in San Francisco a county exhibit also, for two reasons—one because it is good for any town to show that it has a good country surrounding it, and, second, many of the visitors to it will not be much interested in towns, but will want to see and hear about the country sections.

We will have all sorts of pickled products in beautiful glass jars, and all that sort of thing, but we also want real ripe fruit on display, right off the trees of Contra Costa county, in baskets, wet with the morning dew of the orchards, and a sign over them: "Grown in Contra Costa County—Eat one; it's good for what Ails You."

In this respect we will have to get the farmers interested, so we can grab a lot of their extra fine specimens of the soil of all kinds, and get them shipped over to the exhibit every day or two, fresh from the farms of this peerless county. We want every town and every farming section of the county represented. If they will give us the display we will do the rest, and bring it to the attention of a vast multitude of people from the outside world, the rest of this year and all of next year.

We are just in receipt of a letter from Mr. W. R. McIntosh, secretary of the Eastern Contra Costa County Farmers' Club, asking us to come out there and tell the farmers of that section about it, and we are going in June, and get acquainted, get all the news and facts, get samples of the products, and stir up the natives, stir up some enthusiasm—stir up everything except trouble.

There are thousands of people getting rich in Richmond, and a lot more getting rich all over this county, and there is room for about a million more, or such a matter, to come in and help us do it.

Glancing over the good local papers of the county this week we find lots of interesting things going on, and wish this paper was as big as a bedspread, so we could get it all in. Following is a condensation of it, boiled down for hurried readers to digest, all same condensed milk that comes in little red tin cans:

PINOLE

The fourth grand celebration of the Holy Ghost under the auspices of Concelho Dom Affonso No. 12 of Pinole promises to surpass all others previously given, and on Saturday and Sunday, June 6 and 7, Pinole will be the center of attraction for hundreds of visitors, says the Times. There will be a grand parade, barbecue, dancing and other amusements, free to all.

A big steam shovel is operating in the Santa Fe cut in the west part of town. Grading gangs of men are also at work.

A boxing contest, or prize fight, attracted a lot of attention and a big crowd at the opera house recently, at which a local lad, Koppen by name, mixed with Ketchell of Crockett. The referees called the mill a draw, but the Pinole fans say their man was the better puncher of the two. Editor Ed Ebsen and this scribe are going to hold a poetry writing match around this section of the county some day that will be more exciting than a glove contest. We'll write one at him that if it ever lands will knock him clear out of Charley Curry's congressional district.

CROCKETT

The Eagles of Crockett picnicked at Glen Cove last Sunday, and spread their wings over a big banquet, as well as the rest of their anatomy. Dancing and a general good time resulted, also.

The tragic death of Mr. C. M. Hansen, chief engineer of the California-Hawaiian Sugar Refinery Company, cast a sad gloom over the town of Crockett, for he was a prominent citizen and much beloved by the hundreds of employes of that big institution, and by everybody else. The details of this distressing automobile accident have already been published in this paper. His funeral was attended by hundreds of friends and the body was cremated at Oakland. At the funeral an extra conveyance was necessary to convey the floral decorations brought by his host of friends.

The Signal is very unkind toward this scribe's heart-rending poetry. Doubtless it would call it "rendering" as well as "rending," and it says we spout it just like a busted auto leaks gasoline. We devoured six or eight of Mrs. Laidlaw's hot biscuit up there one evening a few weeks ago, and maybe that effected the flow of rhyme. Probably the verse would be still worse if we hadn't got outside of the biscuit.

The Signal asks what has become of the movement to revive the Crockett-Valona Improvement Club? Well, blessed if we know. We left it up to the old officers of the club, and they said they would try to do something toward awakening an interest in putting Crockett and its industries on the map, and that is the last we heard of it. Mr. Rolph, of the sugar plant, is interested and thinks something of the kind ought to be done, which is dead right—it ought to be done.

MARTINEZ

Construction work is to begin in a week or two on the big new wing of the county hospital, a contract having been let for the same in the amount of $29,161, and also for a heating system for the building for $2,185. This will give Contra Costa county a very handsome and serviceable structure.

Engineers don't always seem to be just exactly the fellows to get correct information from about constructing things, as one might naturally suppose. The county supervisors got estimates from engineers on the cost of constructing a road from Martinez to Bay Point, at $300,000, but thinking that was excessive they did a little investigating on their own hook, and now have offers to construct the road for $117,000. Some difference.

Credit is due to Supervisor Warren McBryde for his tireless and efficient efforts in behalf of the Martinez-Richmond part of the state highway. Everything in the right of way problem is now adjusted and bids for the construction of the road will be called for in a few days.

A real estate and business boom is scheduled to hit Martinez in the immediate future, which should have struck there some years ago, and would have if somebody or other had not been asleep at the switch. Speaking along these lines the Gazette says:

"Now that it is almost unanimously conceded that great developments are in store for Martinez in the very near future, many inquiries are coming from all sources for land tracts where purchases can be made before prices begin to soar with the starting of development work. During the past week no less than six real estate dealers of Richmond and the bay cities have visited this city inquiring into the prospects for acquiring land tracts here and it would not be at all surprising if, before the year closes, every piece of land of any size will have been taken up."

This paper will be very glad to see the realty men and boosters wake up and get busy, for there is every incentive there to do so and none whatever not to. Now reorganize that Board of Trade and let the outside world know about it, and the rest will be just like eating puddin' and pie.

Martinez has made up its mind to celebrate Fourth of July in grand style, and is inviting many other towns of the county to participate. Crockett and Benicia will do so, and a deal is on to get Antioch and Pittsburg to do likewise. That would sure make some fine blowout, and be "glorious" indeed. But, gracious! Can Martinez stand another big celebration so soon after that Spanish war? It does look like good old Martinez was beginning to wake up, don't it? Fine!

The Martinez shootists are all swelled up because they came down here to Richmond and beat our fellows breaking clay pigeons, but you just wait! Chief of Police Arnold has borrowed our beanshooter, and next time Veale shows up here he is going to shoot his off eye out. Anyhow, that's what he says, but then, of course, he may be just talking politically. Some say that neither one of them could hit anything smaller than a barn door, not to mention clay pigeons.

The work of the manuel training class of the Alhambra high school is to be exhibited Friday of this week and it is said to be something of which the students have every right to be proud. That's the way it is in Richmond, also, where the showing this week in that line was the best we ever say anywhere. The manuel training stunt is all right and it deserves encouragement. It is a very good thing for the young folks and teaches them something that is of practical value for all the rest of their lives.

Politics are quiet just now, everybody taking a sort of spring rest before jumping into the campaign of the summer and fall. It is expected, however, that the first of the month will see things stirring and the various candidates all girded up and ready for the fray. From all indications the people will be able to pick a good lot of officers from the timber that will be offered, and we have no doubt but what they will. There seems to be little or no partisanism in it at all so far, and not likely to be, which is correct, for it does not make two cents worth of difference, when all is simmered down, what the politics of a city or county official is. Probably be just as well if he didn't have any politics at all.

PITTSBURG

Great Beeswax! Just listen to this from the Pittsburg Post:

The American Fish & Oyster Company is having a big harvest in shad roe this season with orders coming in for even a greater amount of the product than can be supplied. From one to one and one-half tons of roe are being shipped daily to the eastern markets, the principal point being St. Louis. On an average of 25 tons of shad are handled daily by the American Fish & Oyster Co. After securing the roe from these fish they are packed and sold for export trade in the marts of China.

There is at present a rush in the shad trade which includes the canning of roe and a large force of men is employed in the industry. Every morning the company's large truck can be seen whirring down Black Diamond street to the Ghatto wharf with well packed boxes of roe and shad for foreign and domestic markets.

Now, if we did not know that Editor Joe Tracey was a truthful man we should say that the story was stretched, because that is an awful lot of roe. Roe, as we savv it, means fish eggs, and if they are canning from a ton to a ton and a half of eggs a day, in the name of Mike how many tons of fish is canned? That is sure some fish story—beats Jonah and the whale way yonder! Why, if that fact gets out to the outside world the rail-

FRUIT GROWERS WILL CONVENE AT DAVIS SOON

The California Fruit Growers will meet in convention at the University Farm at Davis on June 1 to 6.

The University of California has received word that the Southern Pacific and Santa Fe railroads have authorized a convention rate of a fare and one-third on the certificate plan, purchaser buying a one-way ticvket to Davis and securing a receipt, which, when signed at the University Farm, will enable the holder to a return trip at one-third fare. For parties of one hundred or more traveling together on regular trains from any one point a one-way fare for the round trip can be secured. If fruit-growers from distant parts of the state could arrange to get together at some central point, they might take advantage of his party rate.

Rooms on the campus at the University Farm will be available at the rate of: Single rooms, one in room, seventy-five to a dollar; single beds or cots, two or more in a room, fifty cents; meals, thirty-five cents each.

nures, yield excellent returns over cost.

MANY ENROLL FOR COURSES IN SUMMER

Although the summer vacation has sent the 5000 students home from the University Campus, the office of the Division of Agricultural Education is as busy as ever, for it is from this office that the free correspondence courses in agriculture are conducted. These courses continue throughout the year. Although this work has been widely discussed, many people not yet understand that these courses are free, and that one may enroll at any time. The following correspondence courses in agriculture are now ready: Alfalfa culture, onion culture, grape-growing, barley culture, swine husbandry, poultry husbandry, walnut culture, citrus fruits, olive growing, fig culture and canning and preserving.

Over 8500 enrollment cards have been received for these agricultural courses. Poultry husbandry is the most in demand, with a total of over 2500 students, with alfalfa a close second. The new course in home floriculture is proving very popular. The course in canning and preserving covers the general principles of food preservation, so it is proving useful and popular with the housewife.

Full information concerning these free courses can be obtained by addressing the College of Agriculture of the University of California, at Berkeley.

MARTINEZ FERRY HAS BUSY MONTH

MARTINEZ, May 21.—The receipts of the Martinez-Benicia ferry for the month of April exceeded $1300 according to the report of Secretary H. K. White made at the meeting held yesterday in which all the directors were present with the exception of W. H. George.

The passengers carried during the month were 4124; automobile to the number of 762 were transferred on the steamer "City of Seattle" while 72 horse rigs and 63 teams were on the list of April traffic.

A week ago last Sunday on one trip alone the ferry had seventeen automobiles on her deck.

The directors were most enthusiastic over the outlook for the present season which so far indicates that the ferry route is becoming popular with the automobilists and that the trend of travel is through the Contra Costa county seat into the Napa, Solano and Lake county sections which have alluring roadways.

M. Boech, an employe of the Shattuck-Edinger company, received a painful injury to his hand yesterday when he caught that member between two cars.

L. C. Jones of Martinez Says Mayr's Remedy Gave Him Surprising Results

L. C. Jones of Martinez, Cal., suffered from stomach troubles for a long time. He tried many remedies. At last he took Mayr's Wonderful Stomach Remedy. The results surprised him.

In a letter telling of his experience Mr. Jones said: "I took Mayr's Wonderful Stomach Remedy with most pleasing and surprising results. My trouble has been principally gastritis, with gas around my heart, at times so bad had I thought I was going to die. My wife is also taking your remedy with pleasing results."

From all parts of the country such letters come by the thousands. Mayr's Wonderful Stomach Remedy is known everywhere. The first dose proves—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and poisonous matter. It brings quick relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations; many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be caution. Be sure it's MAYR'S. Go to the Richmond Pharmacy and ask about the wonderful results it has been accomplishing—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects. —advt.

TAKE SALTS TO FLUST KIDNEYS

Eat less meat if you feel Backachy or Bladder trubles you—Salts is fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritiated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases. —advt

"TIZ" GLADDENS SORE, TIRED FEET

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters and bunions.

"TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is wonderful for tired, aching, swollen, smarting feet. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a 25 cent box of "TIZ" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy.

CHAT AND DOPE BASE BALL

DIETRICH PRESIDENT

The Baseball Booster meeting held in the Daily Independent office on Macdonald avenue brought out a large gathering of fans who, after much discussion in regard to the present status of baseball affairs in this city, elected Otto Dietrich the genial dispenser of Havanas, as the president of the oosters' club. To assist Dietrich in handling the affairs of the club, Harry Gordon was named as Secretary, while A. C. Lang was selected to handle the funds.

Among those who have put their signatures to the charter role of the Boosters' club are:

L. Spencer, Jim Coffey, Bert Curry, Dr. C. L. Abbott, Dr. U. S. Abbott, Pat Dean; Martin Kelley, A. Hoeffer, Stanford Philpott, Fred LeMoine, Harry Adkison, Harry Pulse, Charles Pulse, H. Jacobsen, Chas. Younce, Denny Burns, Robert Moran, Clyde S. Ammon, Chris Escobar, Harry Swearingen, W. F. Logan, E. S. Brown, Joe Dietrich, G. Hyman, W. E. Hyatt, Harry B. Hyatt, Harry W. Hyatt, A. E. Hayes, J. W. Woodward, R. H. Curry, E. B. Smallwood, Jim Stout, I. S. Pearce, W. D. Adams, Otto Ludewig, Oscar Sundbeck, H. W. Tuller, Charley Brichman, Al. Childs, Prof. Eich, W. T. Eich, Chas. Schram, Fred Schram, Toni Shea, Walter La Selle, Eddie Dearborn, Bud Wright, Charles Walker, W. A. Mackey, George Drew, J. F. Stiefvater.

Again we have to call upon the Baseball Muse in order that we may trot out another yarn about thecoming Sunday game in which the Richmond Elks as such the cognomen of the team must be, will tangle with the Standard Gas engine squad of Oakland.

In Ramsdell the Gas team have a twirler whose ability on the mound is unlimited. Since the season opened Ramsdell has been pitching exceptional ball, holding his own against the best of the mound artists.

GASOLINE WAR ON BETWEEN BIG CONCERNS

(Continued from Page 1)

cents as heretofore. These are the local prices, but the cut of half a cent a gallon, which the Standard Oil has put into effect and which is now being followed by its chief competitor, will hold good for the entire Pacific Coast, from Vancouver, B. C., southward to San Diego.

As the Shell-Royal Dutch syndicate buys no oil on this coast, the reduction of 5 cents a barrel in the purchase price of light gravity oils, does not concern it.

The American Gasoline people, although admitting that there is little or no money in gasoline at 15 cents, with modern methods of delivery and marketing considered, and no money at all in engine distillate at 7 cents, expressed themselves as certain that they could stand any out that the Standard might see fit to put into effect. Moreover, they remarked that they could stand it as long as the Standard could—and with the Rothschild millions behind them, who will dare hazard the conjecture that they are overconfident.

As things are at present, the Standard Oil company handles 85 per cent of the gasoline business of the Pacific coast, leaving 15 per cent as the portion of the Associated, the Union and the American Gasoline companies.

READ These Opinions of Vocal Artists

LEO SLEZAK, the great Czech tenor, who is in this country for his fourth season in grand opera and concert, says of "Songs That Never Grow Old"

"Syndicate Pub. C.,
New York City.
Gentlemen: Your complete collection of old songs is so distinctively American that I shall have much pleasure in taking it back to my home with me where we will all enjoy singing these good old melodies.
Very truly yours,
Leo Slezak."

MARGARETE MATZENAUER, prima donna contralto of the Metropolitan Opera company, is another advocate of the revival of the dear old melodies of long ago. She writes:

"Syndicate Pub. Co.,
New York City.
Dear Sirs: I am strongly in favor of a revival of the dear old songs and believe your song book should be in every American home. This is surely a complete collection as I find in it all of my old favorites.
Cordially,
Margarete Matzenauer."

NEW TYPES OF BUILDINGS FOR OUR SCHOOLS

School Architecture in California is a new and handsome booklet just issued. It is intended to help the school trustees of the state in building and improving their school houses.

It was compiled under the direction of State Superintendent Hyatt, by a committee of architects, viz: Lewis P. Hobart, Charles S. Kaiser, J. W. Woollett, J. J. Donovan and C. H. Cheney. It contains 64 pages, includes 77 cuts, and has a cover designed by the State Architect's office, showing a typical one-story California School house, with red roof and wide sheltering porches, against a brilliant sunset sky.

The object of the bulletin is to show in graphic form some excellent examples of the different types of school buildings that are being constructed today in California, so as to build up in the minds of the people a distinct ideal of what modern school houses ought to be. Its tendency is toward better conditions for the boys and girls and finer landscapes for the Golden State.

STATE SUPERVISORS OPPOSE 8 HOUR LAW

MERCED, May 21.—Adoption of a resolution pledging the members to use all honorable endeavors to defeat the proposed universal eight-hour law which is to be voted upon next November and the election of officers, formed an important part of session of the state supervisors' association here.

San Francisco made a strong fight for the 1915 convention, but was defeated by San Diego before the resolutions committee.

The resolution opposing the eight-hour law declared that the passage of such a law would paralyze the business of California and work a hardship on farmers, farm employees and business men. The measure was branded as "vicious legislation." The passage of the resolution was greeted with applause.

LADIES AID HOLD ENJOYABLE MEETING

The members of the Ladies' Aid Society of the First Christian church entertained at a delightful party held in the receptions rooms of the church yesterday afternoon. During the afternoon a report was read by the subscription committee showing that more than $300 had already been subscribed toward the building fund of the new church.

The program for the afternoon follows: Piano solo, Mrs. Smith; reading, Mrs. N. Newsom; vocal solo, Mrs. J. P. Philpott; reading, Miss Rosamond O'Connell; reading Rev. Chas. A. Young. Rev. Young was not able to be present during the regular program and his number was rendered following the refreshments.

WIDENING OF TENTH STREET

NOTICE OF RECEIPT OF ASSESSMENT ROLL IN THE MATTER OF THE WIDENING OF TENTH STREET IN THE CITY OF RICHMOND, COUNTY OF CONTRA COSTA, STATE OF CALIFORNIA, NORTHERLY FROM THE NORTHERLY LINE OF BARRETT AVENUE TO THE NORTHERLY LINE OF THE RICHMOND BOULEVARD TRACT, IN ACCORDANCE WITH RESOLUTION OF INTENTION NO. 217, OF THE COUNCIL OF THE SAID CITY OF RICHMOND, ADOPTED THE 5th DAY OF JANUARY, 1914.

Notice is hereby given that the assessment roll in the matter of widening of Tenth Street, northerly from the northerly line of Barrett Avenue to the northerly line of the Richmond Boulevard Tract, in the City of Richmond, to-wit:

A certified copy of the report, assessment and plat made and filed by the commissioners appointed to assess the benefits and damages and to have general supervision of the proposed work as above described, as finally confirmed and adopted by the Council of the City of Richmond at its regular session of May 4th, 1914, has been forwarded to and filed in the office of the undersigned, Superintendent of Streets of the City of Richmond.

All sums levied and assessed in and by said assessment roll are due and payable immediately.

The payment of said sums is to be made to me within thirty (30) days from the date of the first publication of this notice.

All assessments not paid before the expiration of the said thirty (30) days will be declared to be delinquent and thereafter the sum of five (5) per cent upon the amount of each delinquent assessment, together with the cost of advertising each delinquent assessment will be added thereto.

Dated at the office of Superintendent of Streets, this 12th day of May, 1914.

H. D. CHAPMAN,
Superintendent of Streets of the City of Richmond.

First publication May 12, 1914.
Last publication May 22, 1914.

CONTRA COSTA COUNTY NEWS

(Continued from Page 3)

roads would have to put on special trains to carry the people going to Pittsburg, to embark in all sorts of business, settle up the surrounding country and help eat up that fish. Looks like Pittsburg don't want folks to know about it, though, as they have no chamber of commerce up there to spread such facts broadcast as they ought to be. Mr. Tracy, give us about a column a week of that dope, and we will reproduce it, and give the secret away.

ANTIOCH

Waldo Coleman has been granted a gas franchise for establishing and maintaining a gas plant in Antioch and the people of that town will be able to cook and light up with gas in the near future. Mr. Coleman is putting in such a plant for about all the towns of the eastern and central portion of the county.

The Antioch Republicans are organizing a local club for the purpose of getting busy in the summer and fall campaign, and considerable interest is being taken. Hon C. M. Belshaw and C. I. Fox are active in the organization. Mr. Fox will be a candidate this campaign for the office of county superintendent of schools.

The Ledger states that H. Blaylock, the celery grower of Jersey Island, stated this week that prospects for a large crop of that vegetable were the best at present than for years and he anticipates an unusually heavy yield. He also stated there was less alkali this year than for many seasons on account of the heavy rains last winter, which forces it down into the soil. Mr. Blaylock, who together with his father, J. R. Blaylock, have sent out the first carload of celery from the delta section for the last three years, commenced planting this week.

John Birmingham, world's fair commissioner for Contra Costa county, is after the San Francisco Chamber of Commerce for saying that ninety per cent of the asparagus grown in California is grown in the territory in Contra Costa county tributary to Antioch. And so it is—thousands of tons of it, every year and it is canned and shipped from Antioch, which is one of the greatest asparagus growing and shipping points in America.

CONCORD

Nothing especially startling has happened this week up around the Concord-Walnut Creek-Mt. Diablo country, but everybody is busy with their farm and orchard work in that section and there is going to be a record-breaking crop produced, which will give everybody a piece of money to jingle in his pockets—in fact, a whole lot of pieces.

Walnut Creek is incorporating and building up, and Concord is getting to be a little city this county has every reason to feel proud of. There are an energetic class of people around there and the improvements going on all around that territory show the good effect of it.

When that big crop is gathered this fall Concord should give another celebration, and give all of us another chance to come out there and partake of its hospitality, and all join hands and circle to the left, and promenade all. Doubtless it will.

We don't know whether the hens set or sit up there, and wish the new poultry journal recently established, which by the way is a fine little paper, would enlighten us. Anyhow, we are going to annex five acres of that land around there somewhere as soon as the big Panama Pacific Exposition is over, and then we'll find out by ascertaining.

Burgess Brothers are bringing a lot of new settlers into that country, and the new Oakland-Antioch railroad gives them a splendid service into Oakland and San Francisco, which is also a big help to that whole country.

Oakley has a farms club of fifty members that meets once a month and does good things for the country, which is a mighty good country and is fast settling up. There is also a Women's Improvement club, and these two facts alone announce that the Oakley section and its good people are very much alive, which is as it should be. Among other things they now have an asparagus canning plant, and are going to get all sorts of good things like that in the near future. Live people in a good country can do anything.

RESOLUTION OF INTENTION NO. 228

A RESOLUTION OF THE COUNCIL OF THE CITY OF RICHMOND DECLARING ITS INTENTION TO ORDER THE CONSTRUCTION OF STORM SEWERS IN CERTAIN STREETS, AND CREATING AN ASSESSMENT DISTRICT TO BE ASSESSED FOR THE COSTS, CHARGES AND EXPENSES THEREOF.

Be It Resolved by the Council of the City of Richmond, as follows:

That the public interest and convenience require and that it is the intention of the Council of the City of Richmond to order the following work to be done, to wit:

That a twenty-four (24) inch pipe sewer be laid along a line parallel to and 23 feet northerly from the southerly line of Cutting Boulevard, from the termination of the existing sewer on the center line of Ashland Avenue to the center line of Wine Street; that a thirty (30) inch pipe sewer be laid along the above described line from the center line of Wine Street to the center line of Canal Street, and that a twelve (12) inch pipe sewer be laid along the said line from the center line of Canal Street to the center line of Wernse Street.

That two thirty (30) inch pipe sewers be laid side by side along the center line of Canal Street extended southerly, from a point 23 feet northerly from the southerly line of Cutting Boulevard to a point 165 feet southerly from the southerly line of Cutting Boulevard; and that a concrete portal be constructed at the said last named point.

That a thirty (30) inch pipe sewer be laid along the center line of Canal Street from a point 23 feet northerly from the southerly line of Cutting Boulevard to a point 14 feet southerly from the northerly line of Virginia Street, and that a twenty-four (24) inch pipe sewer be laid along the center line of Canal Street, from a point 14 feet southerly from the northerly line of Virginia Street to the northerly line of Ohio Street, and that a concrete portal be constructed at the said last named point.

That a twelve (12) inch pipe sewer be laid along a line 14 feet southerly from the northerly line of Virginia Street from the center line of Canal Street to a point 12 feet westerly from the easterly line of Mission Street.

That a twenty-four (24) inch pipe sewer be laid along the center line of Wine Street from a point 23 feet northerly from the southerly line of Cutting Boulevard to a point 2 feet northerly from the northerly line of Richmond Avenue.

All pipe to be salt glazed, vitrified ironstone sewer pipe of the sizes mentioned.

That manholes of brick with cast iron rims and covers be constructed on the aforesaid line in Cutting Boulevard, at the following points, viz: At the termination of the existing sewer in Ashland Avenue, and on the center lines of the following streets: Wine, Central, Nye, Canal, Shoshone, Market, Averill, and Wernse Streets; along the aforesaid line in Canal Street, at a point 14 feet southerly from the southerly lines of Virginia, Maine, Florida and Ohio Streets; and along the aforesaid line on Virginia Street at points 12 feet westerly from the easterly lines of Shoshone, Commercial, Market and Mission Streets, and on the center line of Wine Street at a point 2 feet northerly from the northerly line of Richmond Avenue.

That inlets of concrete with cast iron grates and with vitrified pipe connections to the nearest manhole, be constructed at the following points: On the northerly line of Cutting Boulevard at the easterly curb line of Ashland Avenue; on the northerly and southerly curb lines of Cutting Boulevard, at each of the following points: On the easterly and westerly lines of Wine Street, Central Street, Nye Street, Shoshone Street, Market Street, Averill Street, and Wernse Street; on the westerly curb of Wine Street at the southerly line of Cutting Boulevard; on the easterly and westerly lines of Canal Street, at the following points: On the northerly and southerly curb lines of Virginia Street, the northerly curb line of Maine Street, the northerly curb line of Florida Street, and the northerly curb line of Ohio Street; on the northerly and southerly curb lines of Virginia Street on the easterly lines of Shoshone, Commercial and Market Streets, and on the southerly curb line of Virginia Street, at the easterly line of Mission Street.

All of said work and improvement to be done in accordance with Plans and Specifications No. 228, adopted therefor, and now on file in the office of the Clerk of the City of Richmond, reference thereto being hereby especially made.

And the Council does hereby determine and declare that the public interest and convenience requires that said work and improvement should be done, and that said proposed work and improvement is of more than local and ordinary public benefit, and will affect and benefit the lands and district hereinafter described, which said district is hereby declared and established to be the district benefited by said work and improvement, and that the cost and expense of said work or improvement shall be, and is hereby, made chargeable against, and shall be assessed upon such land and district, all of which district is within the City of Richmond, County of Contra Costa, State of California, and more particularly bounded and described as follows, to wit:

Commencing at the intersection of the northwesterly line of Ashland Avenue and the southerly line of Macdonald Avenue, as now existing, thence easterly along said southerly line of Macdonald Avenue to its intersection with the westerly line of Tenth Street, thence southerly along the said westerly line of Tenth Street to its intersection with the southerly line of the City of Richmond Tract, as shown on the Amended Map of the City of Richmond, filed in the office of the Recorder of Contra Costa County, California, on the 31st day of March, 1905; thence westerly along the said southerly line of the City of Richmond Tract to its intersection with the easterly line of Lot Forty-three (43), as shown on "Map of San Pablo Rancho, accompanying and forming a part of the Report of the Referees in Partition", dated September 1, 1893, and on file in the office of the Recorder of Contra Costa County, California; thence southerly along the said easterly line of Lot Forty-three (43), and its extension southerly to a point which is 165 feet distant southerly along said line from the southerly line of Cutting Boulevard, as shown on "Amended Map No. 1 of the Canal Subdivision" filed in the office of the Recorder of Contra Costa County, California, on the 6th day of July, 1907; thence westerly parallel to and 165 feet southerly from said southerly line of Cutting Boulevard to a point 100 feet easterly at right angles from the easterly line of Wine Street, as shown on "Map of Tract No. 2, Canal Subdivision, School Addition" filed in the office of the Recorder of Contra Costa County, California, on the 5th day of February, 1912; thence southerly on a line parallel to and 100 feet easterly from the easterly line of Wine Street to the northerly line of Richmond Avenue as now existing; thence in a general southeasterly direction along the said northerly line of Ashland Avenue to its intersection with the extension easterly of the southerly line of East Richmond, as shown on the "Amended Map of East Richmond" filed in the office of the Recorder of Contra Costa County, California, on the 5th day of March, 1904; thence southwesterly along the said southerly boundary of East Richmond, to its intersection with the northerly line of Buena Vista Avenue, at Station 69 of said Buena Vista Avenue, as shown on said Amended Map of East Richmond; thence continuing southwesterly in a direct extension of the last described course to its intersection with the southerly line of said Buena Vista Avenue; thence in a general westerly direction along the said southerly line of Buena Vista Avenue to its intersection with the southwesterly line of Lot Forty-four (44) of the said San Pablo Rancho; ORPHEUM HIT SECURED BY MAJESTIC

Owing to the illness of the "Royal Hawaiians" who were to begin an engagement at the "Majestic" last night, the Parker Players were forced to make a change in the program. Last night was made a special attraction night with a complete new bill. The sketch by the Parker Players was "A Jolly Sunday Party," a comedy which kept the house, which was packed to the doors, roaring with laughter.

"Merry" Marian Warde scored another hit both in her specialty and in her part in the sketch. The Scotch team of singers and dancers were good, especially the Lauder song hits by Jack Scott.

The "Universal" pictures of which there were four, shown last night were of the very best. Tonight there is to be a complete change of program again, with the possible exception of the photoplay "Fires of Fate," which is a top-notch drama.

The sketch for the next three nights will be "Chums" the great Orpheum hit which has never been shown before in Richmond. The Parker Players have added Jack Scott, a character delineator of great ability, to the cast during the run of "Chums."

The Richmond public are certainly showing their appreciation of the efforts of the "Parker Players" to furnish good, clean amusement.

There is no doubt but what Mr. Farnum has demonstrated that he can furnish the Richmond playgoers with first-class attractions and he deserves their patronage.

BIG BILL AT RICHMOND THEATRE THIS EVENING

The Richmond theatre offers a good bill of vaudeville and photoplays to its patrons tonight.

One of the acts, that of a Chinese Violinist will be found very unique as this extraordinary Oriental musician offers entrancing ragtime selections.

Overten, the entertaining caricaturist, presents comical drawings that will be well liked and appreciated.

The Burbank Sisters are seen in classical and ragtime songs and dances with pretty dresses and with their pleasing personality these maidens will win applause.

"Never Again" is a two part special feature comedy presented by the Vitagraph Co. This is what they all say when they go out for a "time" and get found out.

Three other pictures that deserve mention are presented on the program. "The Puritan," a Lubin drama, "When A Woman Guides," a Biograph drama, and "The Resurrection of Caleb Worth," an Edison drama.

Tomorrow, only, Malcolm Williams supported by a notable cast will be seen in "The Brute." The world-famous drama of a strong man's triumph over a woman's pride. A tense drama of the clash of wills, the climax of which hangs in the balance, until the man, in righteous indignation, exerts his strength toward the subjugation of the woman. How he eventually conquers and forgives her is vividly portrayed, and the picture is one which should be seen by all.

FARIS CHECKS UP PETITION--ELECTION SOON

City Clerk Faris has checked the signatures attached to the petition calling for an election of fifteen freeholders to frame a new city charter, filed with him several days ago by D. A. Knowles and J. L. Barnaman and after omitting the names illegally signed finds that he still has the required number of signatures for the calling of the election.

The matter is to be submitted to the city council on Monday evening at which time arrangements will be made in regard to the calling of the election.

CONCORD MAN INVENTS NEW SOAP

BAY POINT, May 21.—W. B. Higgins of Bay Point is coming to the relief of local auto drivers and motorcyclists to save much worry and inconveniences in the future. Mr. Higgins has secured the county agency for the Wonder Waterless Soap which he is placing in the various garages and retailing to patrons. With this soap water and towels are unnecessary for removing oil, grease or dust and can be used dry, which leaves the skin smooth and soft. He is finding an easy sale for his product with auto drivers and motorcyclists.

'HELLO, LAURA; I SEE YOU'VE BEEN EXTRAVAGENT

"—but, Mercy! I don't blame you! A suit like that is worth being extravagant for, and if I weren't so dreadfully hard up this spring I'd certainly get one like it."

"Why, Beth, that's what everybody's been telling me. And the funny part is that this Suit wasn't expensive at all—just cost $19.50, the lowest price I ever paid in all my life. Shall I 'fess up,' Beth? Here goes, then!

"Last week I bought this Suit at CHERRY'S and paid a few dollars on it—this week I shall pay a little more, and so on till I've paid the whole price.

"Cherry's?—why, CHERRY'S is a CREDIT STORE, and, more than that, it's the most beautiful place, filled with the loveliest things for men and women to wear that I've ever seen!

"And you can buy ANYTHING there on the installment plan—Dresses and Coats, too.

"Let me take you up tomorrow, Beth—do! I'll tell you where Cherry's stores are—you've probably seen one of them—at 515 13th St., where they will sell exclusively to ladies, at 528 13th St., is the men's clothing store. San Francisco stores are at 1009 Market St., 2400 Mission St. The Los Angeles store is at 636 South Broadway. advt

SHERIFF MAY SEND MEXICAN SLAYER HOME

Sheriff Veale is considering the matter of deporting Jesus Alonzo, the Mexican who several days ago killed a fellow countryman on a small island above the town of Antioch. At the coroner's inquest conducted by Coroner C. L. Abbott yesterday Alonzo was acquitted of the crime by the jury.

The immigration officers are considering the matter and will probably take action upon the man's case tomorrow.

CLUB DISCUSSES HISTORY OF THE AMERICAN OPERA

The members of the Mendelssohn club were entertained at the home of Mrs. T. Park Jacobs on Barrett avenue this afternoon. The members of the club spent the early part of the afternoon in discussing the history of the "American Opera," at the conclusion of which a paper was read upon that subject by Mrs. C. M. Arnold.

Following Mrs. Arnold's reading Mrs. Jacobs entertained her guests with several selections on the Victrola from the following operatic stars: Caruso, Tetrazzini, Scotti, Madame Melba, Schuman-Heinck and also a violin selection by Mischa Elman.

The interior of the Jacobs residence had been prettily decorated for the occasion in ferns and pink baby roses.

MANY ATTEND OPENING OF BOYS FESTIVAL

The opening night of the Spring Festival held by the boys of the Baraca class in the Wesley Methodist church last evening proved a great success and enhanced the treasury of the boys' club with a tidy sum.

The interior of the church parlors had been prettily decorated in green boughs and streamers. The festival will be open to the public for a second time this evening for which an elaborate program has been planned. The program for last night's affair follows:

Opening selection, by the orchestra; vocal solo, Rider Cornmany, Hi and Si of Jaytown, H. L. Ross and E. Sowell quintette, Rider Cornmany, W. C. Bryant, R. M. Washburn, H. L. Ross and E. Sowell; one-man orchestra, Con Bastin; American patrol, C. Bastin and H. Smith; flagolet solo, Con Bastin; pillow fight, Mutt and Jeff; instrumental solo by Prof. Blumenheimer on his $3000 instrument.

LADIES TO SERVE DINNER THIS EVE

The ladies of the First Baptist church of the west side will serve a dinner this evening in the church parlors between the hours of 5 and 8 o'clock.

The menu will consist of the following eatables: Roast beef or pork, browned potatoes, salads, Boston baked beans and brown bread, tomatoes, pies, cakes and puddings, tea and coffee.
